

Kidsafe 2012 National Playspace Design Awards

**Innovative Design Elements
Highly Commended
Interactive Mural, Livvis Place Five Dock NSW – EPIC Landscape
Architecture**

Interactive Mural Livvi's Place, Five Dock NSW Judges comments:

- The use of QR codes and technology has brought an additional aspect to murals that is innovative and relevant
- Incorporation of tactile elements within the design is also commended
- The children have included features that reflect the local area in which they live

**Innovative Design Elements
Highly Commended
Mulch Trial NSW – Fiona Robbé Landscape Architects, Ozbreed Pty Ltd,
Hills Bark Blower, and Acoustoscan**

Mulch Trial NSW Judges comments:

- This research has potential to change the playspace landscape that may allow planting within the fall zone
- This project was commended for the pursuit of research in order to inform new playspace design ideas
- The collaborative effort is also commended

Innovative Design Elements

WINNER

Toxteth Kindergarten Natural Enchanted Forest – OUTHOUSE Design

Toxteth Kindergarten Natural Enchanted Forest NSW Judges comments:

- Very imaginative elements within this temporary playspace that could be picked up and relocated to another site when necessary
- Sense of wonder and excitement about this place, reminiscent of Alice in Wonderland
- Very good use of recycled materials and innovative use of tree stumps to pot plants
